President E. B. Fred
161 Bascom Hall

Dear President Fred:

I am pleased to forward a faculty appointment designating Professor Joshua Lederberg as Professor of Medical Genetics. This appointment is an implementation of the recommendation of our Executive Committee that we move ahead to strengthen our program in Medical Genetics.

We feel that with the joint appointment for Dr. Lederberg and an opportunity to have his leadership we will be able to move ahead toward a vigorous program in this important field.

Yours sincerely,

John Z. Bowers, M.D.
Dean
